**Customer Comments:** We let our knives speak for themselves with a money back guarantee. Some customers have chosen to speak about Ruana Knives with their comments shown below.

"I am a US Marine Officer currently on my fifth tour in Iraq. I am the proud owner of three of your great knives. My Jr. Bowie has seen combat in Somalia, the Balkans, Afghanistan and Iraq. It is still going strong with me now... I think you make the best in the business. Semper Fidelis."

**G. B., Camp Fallujah, IRAQ**

"I picked up the knife at the post office today, and you guys have outdone yourselves. It is a beautiful piece of work and I am extremely proud to own it."

**R. D., Athens, TN**

"How can a piece of hand forged steel, cast aluminum and elk antler feel so good? The heft, balance and feel is for someone with talent to describe. **D. O., Snohomish, WA**

## ORDERING INFORMATION PLEASE READ BEFORE PLACING AN ORDER.

### Availability & Delivery Time of Orders:

We try to keep all accessory items and a few knives on hand for walk in sales or phone orders, but availability literally changes by the minute. In general, the cast handle models will get to you fastest with Custom Orders (if we're accepting them) and Bowies taking longer to receive. We have limited production and will not make promises regarding shipping dates or sacrifice quality to rush an order. Any estimated time frame to complete your order is an approximation at best, and will not be held responsible for any guaranteed completion dates. In other words, we'll finish your order when we can. Your business, patience and understanding are appreciated and we will do everything within our power to make any wait you have worthwhile.

**Catalog Numbers:** Catalog numbers are shown throughout the catalog and referenced on the price list.

**Photos & Dimensions:** Due to the nature of the raw materials used and our handmade processes, Ruana Knives you receive may not look exactly like the models pictured in the brochure and the dimensions may vary slightly from those listed (note that stock size is the beginning thickness of the blade before any grinding takes place). When observed closely, no two knives are exactly alike, with each one being its own unique piece of work, which is one of the great characteristics of handmade knives.

**Prices:** All prices are subject to change without notice. There are no quantity discounts for any items. Orders can be placed with no down payment required. Making a down payment or paying for it in full will not speed up your order. Items are sold at the price when your order is placed (not a higher price, if there has been a price change by the time the order is completed). If you provide credit card information we will not charge your credit card until the order is ready to ship.

**How to Order and Contact Us:** We prefer that you send faxes or regular mail for

orders and emails for correspondence but we will happily talk with you over the phone if you don't have access to the other forms of communication. Do not send credit card #'s via email unless you are advised to do so.

**Payment Methods:** We will accept U. S. dollars in the form of a money order (our preferred method), check, VISA or MasterCard. All NSF returned checks will be subject to a \$30.00 fee. Credit cards will not be charged more than one business day ahead of the shipping date. If you want to be notified when your order is finished and send payment when it is done, you can do that. There is no obligation on your end to buy the knife once you have been notified, but if full payment isn't received within one week after you are notified, we reserve the right to sell your ordered items to other customers. If that happens, you are welcome to reorder but current prices will apply (not the price when the items were originally ordered).

**Shipping and Insurance:** We ship through the U. S. Postal Service or UPS and each package is insured for the full value of its contents. No C. O. D.'s or shipments through other carriers are made.

**Return Policy:** If upon receiving your order you are dissatisfied with it, return it within 10 days for a full refund or exchange. Returned knives that have been used are subject to a refinishing fee and may not receive a full refund. Hats and tee shirts must be returned before being worn to receive a full refund. Shipments made to you as part of an exchange will be assessed shipping charges.

**Use and Abuse of Knives:** Please note that Ruana Knives are made for use as a cutting tool. We will not honor returned knives that have obviously been abused. Abuse includes chopping or prying on any material including bone (those jobs are for saws and hatchets), beating on the back of the knife with a rock or hammer, or any other mistreatment of your knife.
